SIXTEENTH ANNUAL EXHIBITION

MARCH THIRTIETH

TO

APRIL EIGHTH

NINETEEN HUNDRED AND SEVEN

HEMICYCLE HALL, CORCORAN GALLERY OF ART

OPEN WEEKDAYS 9 TO 4 ; NIGHTS 8 TO 9:30

SUNDAYS 1:30 TO 4

Foreword

The Capital Camera Club presents for your inspection its Sixteenth Annual Exhibition. Each of its sixteen years of existence the Club has placed before the public an exhibition of photography. By many its early exhibitions are well remembered, and a comparison of these first offerings with those of recent years shows most clearly the progress made by the Club in its efforts to advance the art of pictorial photography.

The Sixteenth Annual is presented as showing another step forward in the youngest art of picture making.

Acknowledgments

To the Trustees and Officers of the Corcoran Gallery of Art the Capital Camera Club is under obligations for their interest and encouragement in many ways, as well as for their permission to use the Hemicycle Hall, and to them the Club takes this opportunity to publicly express its thanks.

To the Artists of the Jury of Selection, who at considerable self-sacrifice have assisted the Club and its members by acting upon the jury, and by kindly advice and criticism, the Club acknowledges its gratitude.

To the Press for its space devoted to the interests of our exhibitions and to the Advertisers whose cooperation has helped so materially in presenting this exhibition to the public, the club expresses its deepest appreciation.

Enlargements

Offer to the Amateur a method of producing attractive pictures from small negatives.

We make them of any size required and correct, in enlarging, the defects of the original negative. Tone and quality of the paper to suit the subject. Diffused focus for exhibition purposes, or sharp as tacks for commercial purposes where accurate detail is necessary.

Transparencies

Are valuable for decorations for the home or the den. We can make them of any size, such as are used for hanging in the window, or large enough to fill a section of the window-sash. All work of this kind is made by the wet plate process, and we guarantee satisfaction.

LANTERN SLIDES

*By the Wet Plate Process
Beautifully Toned*

We are experts in this class of work and can surpass work by the ordinary dry plate methods. Your favorite negatives can be made a source of permanent pleasure if preserved in the form of lantern slides.

Work given prompt attention.

Prices are right.
